625 Collins St, Melbourne

Critical Agendas

Nadia Adbelal is a passionate mathematics educator, consultant, presenter and writer of maths literature, who has worked extensively in both primary and secondary school classrooms.

She offers support to students, teachers and parents in both regional and remote areas to encourage and promote a love of the teaching and learning of Mathematics. Her methods of conceptual pedagogy provide a fresh alternative to the traditional chalk and talk approach and support her motto of "Learning in Context".

A confirmation email will be sent to each applicant

www.criticalagendas.com.au
COST: $279 + GST

Cost includes: Program, any issued notes, participation certificate, morning tea and lunch.

Program Description

Warm ups are an essential part of tuning students into a maths lesson and can provide direction and structure to a pre-set task. At the secondary level however, finding time for warm ups can be difficult so in this interactive workshop we will look at warm ups and rich maths activities that will add dimension to your lessons and ones that can be directly incorporated into the current area of study.

Each activity will be linked to an Australian Curriculum: Mathematics, content strand and we will look at how they can be differentiated and interleaved to cover various descriptors.

Wear your Fitbits for this one ladies and gentlemen.

Target Audience: Yr 7 -10 Maths Teachers. 6PD hrs
